

18TH INTERNATIONAL CONGRESS OF QUANTUM CHEMISTRY

ICQC 2026

January 26 – 31, 2026

Auckland, New Zealand

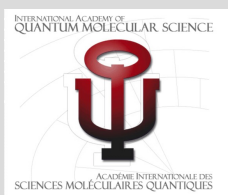

VENUE

Pullman Hotel, Auckland
www.pullmanauckland.co.nz

ORGANIZER

The New Zealand Institute
for Advanced Study (NZIAS)

CONFIRMED SUPPORT

LOCAL ORGANIZING COMMITTEE

PETER SCHWERDTFEGER (Chair)
VESNA DAVIDOVIC-ALEXANDER,
JOHN HARRISON, PATRICIA HUNT,
JONATHAN KITCHEN, LUKAS PASTEKA,
ODILE SMITS, LIZ THAISEN, MIKE YAP

CONTACT INFORMATION

Information about the 18th ICQC congress will
be continually updated on our future

ICQC2026 General Information

The International Congress of Quantum Chemistry (ICQC) is held triennially under the patronage of the International Academy of Quantum Molecular Science (IAQMS). The 2026 18th ICQC congress will take place at the Hotel Pullman in central Auckland, not far from the city's main attractions and the waterfront. It is a unique opportunity to listen to the world's top theoretical and computational chemists and discuss the latest developments in this rapidly advancing field. The main conference will be accompanied by satellite meetings in New Zealand and Australia.

Confirmed Satellite Meetings

Symposium on Wave Function and Density Functional Theories: Recent Advances and Applications

Jan 20-22, 2026, Sydney (Australia), Organizers: Peter Gill, Lars Goerigk, Amir Karton

Chemistry at Extreme Conditions: Atoms, Molecules and Materials at High Pressures, Fields and Temperatures

Feb 3-6, 2026, Auckland, New Zealand, Organizers: Jürgen Gauss, Trygve Helgaker, Peter Schwerdtfeger, Odile Smits, Tilo Söhnel
